

5.1 Objective - ICE Assessments

Individuals have different desires for what they hope to achieve from their jobs and careers. For example, teachers place a much greater value on educating and impacting the lives of their students than they do on financial rewards. For some, working alone is important, and for others, financial gain is essential. By completing interest inventories, students are able to see careers that relate to their interests. It is essential that you have an interest in your field of study, otherwise you will not be able to sustain the commitment to your education, both in and outside of the classroom, for long.

Your objective, should you choose to accept it, is to follow the step – by – step instructions listed below, and fill out any questions. Once you complete all five objectives of your mission, return this sheet, along with the other five objective sheets to careercenter@indianatech.edu. If you have any questions, you can contact HQ at CareerCenter@indianatech.edu or calling at 260-422-5561 ext. 2217. Deadline to complete your mission is January 25, 2021. God Speed!

- Go to careercenter.indianatech.edu
- On the left-hand menu, click on develop your career path
- Click on discover yourself
- Here you will find the Indiana Career Explorer self-assessment.
- Scroll down and click on Indiana Career Explorer to create a new user account. You can also look at the user guide link for specific instructions on how to set up the account
- Take the 3 career guidance assessments

My top 3 careers based on my assessment results are:

1. _____

2. _____

3. _____
