

Warrior Jobs Mobile App

Step-by-Step

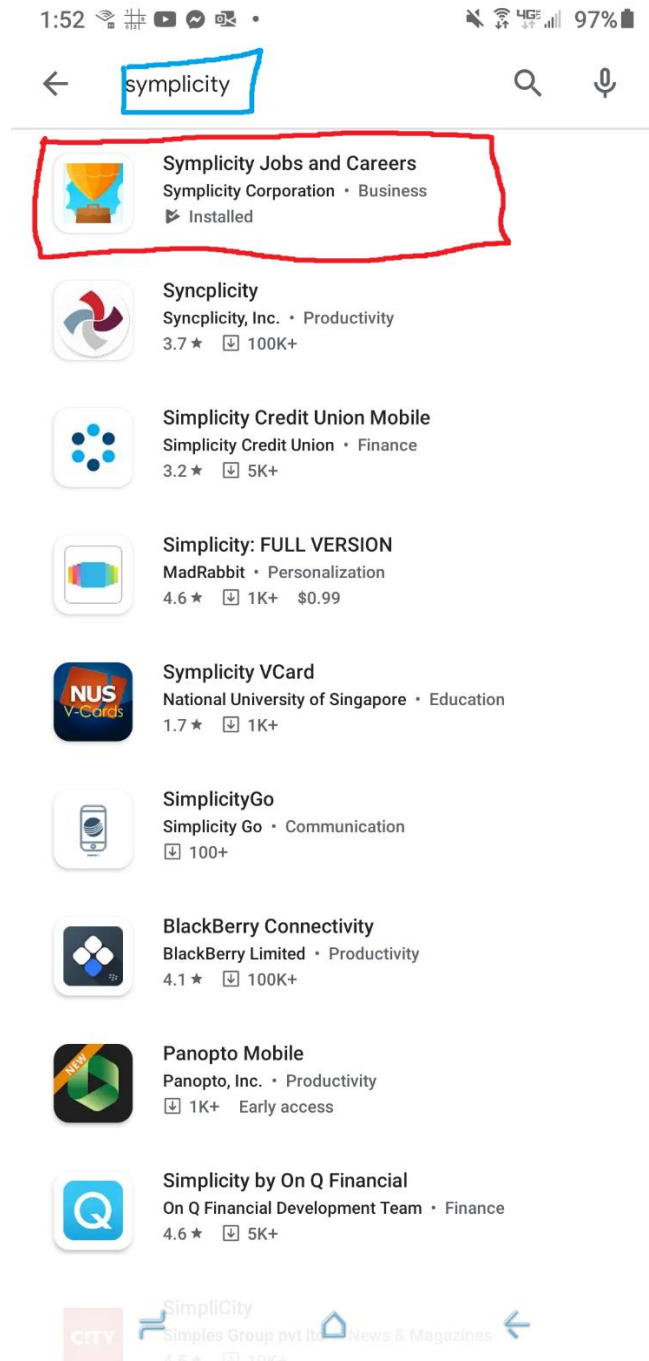

Step 1:

The first step is to open up your mobile phones app store, the most common being apple store for Apple products and Play store for Android / Samsung. It will look something like this.

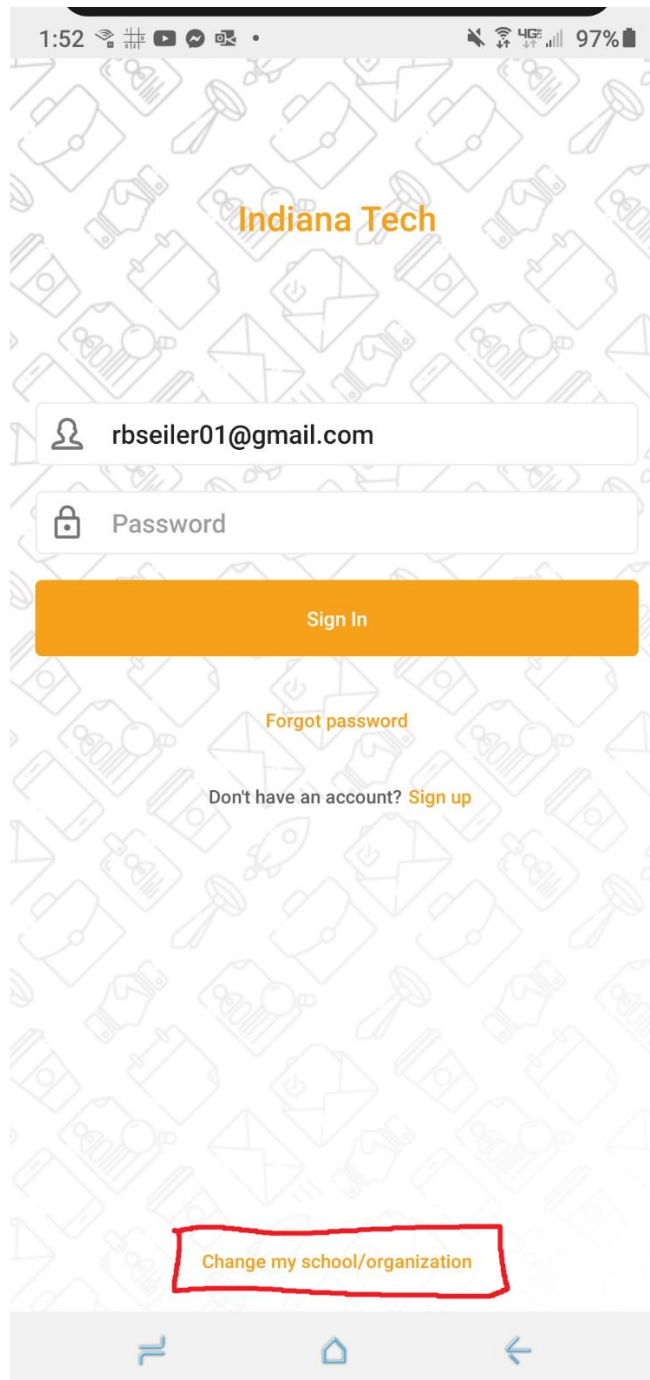

Step 2:

You will want to search your app store using the Key word **Simplicit**, you will get a handful of options you are looking for the app with the hot air balloon **circled** in the picture below. Install the app.

Step 3:

Once you have downloaded the app you will want to open it, at the bottom of your phone should be a Change my School / organization option. Once you select this you will search Indiana Tech and select Tech not the Law School.

You will then see your app with Tech themes on your home screen that will look something like this.
