JPMorgan Chase
270 Park Avenue
New York, NY 10017

Dear Mr. Jones,

I am excited to apply for the Financial Analyst position at JPMorgan Chase. As a soon-to-be graduate from Indiana Institute of Technology with a Bachelor of Science in business administration with a concentration in financial services, I am eager to bring my passion for finance and collaborative problem-solving to your dynamic team. My internship with Lincoln Financial Group solidified my commitment to leveraging financial insights to drive organizational and client success.

During my internship at Lincoln Financial Group, I collaborated across multiple offices to execute key deliverables and prepared multi-department presentations for senior leadership. These experiences sharpened my ability to synthesize complex financial data, enhance reporting designs, and contribute to long-term financial planning for the organization. Working with diverse teams taught me how to communicate effectively and prioritize tasks in fast-paced environments—skills I know align with JPMorgan Chase's emphasis on teamwork and innovation.

JPMorgan Chase's mission to drive economic growth through strategic financial solutions resonates deeply with my values and professional goals. My academic foundation, coupled with hands-on experience in financial analysis, positions me to support your business objectives and provide data-driven insights. I am particularly drawn to the opportunity to analyze market trends and deliver actionable recommendations contributing to your clients' success.

Thank you for reviewing my application. I welcome the opportunity to bring my skills and enthusiasm to JPMorgan Chase and have confidence in my ability to add value to your team. I look forward to discussing how I can contribute to your organization's continued success.

Sincerely,

Maximus B. Warrior
